SPECIAL DIRECTIONS

— TO —

COMMERCIAL TRAVELERS.

Traveling men are advised not to call upon Association Attorneys for information, except in urgent cases, as such practice often occasions delay, by the absence of the attorney in court or other engagements. A better plan is to drop a letter enclosing an Enquiry Blank in the hotel letter-box, addressed to the attorney, or leave it at his office, enclosing postage in either case, requesting him to furnish his house direct with such information as he can obtain, concerning the party named.

The traveler should send his own report direct, and thus his house receives two reports, independently obtained and corroborating each other or not, as the facts are brought out.

Letters of Introduction for Commercial Travelers to attorneys will consist of the regular Enquiry (form A) Blanks, with which his house is furnished.

SPECIAL NOTICE TO MEMBERS.

All Membership Certificates, Confidential Letter Blanks and Collection Tickets, must bear the Association Seal or Stamp. Members will not be recognized as such, unless they hold the regular Certificate of Membership of this Association, duly signed by the President and Secretary. A new Certificate must be issued when renewing. No money to be paid to Agents, except on their delivering to the Member the Certificate as above described, and all Supplies as agreed.

Our soliciting agents are not authorized to make any other terms with subscribers than those fixed by the Officers of this Association, as set forth in our published documents, or to receive claims for collection.

All Attorney Lists, Supplements, and unused blanks are to be returned at the expiration of the Member's Certificate.

E. J. WILBER, Secretary.

Terms and Conditions of Collections.

The Attorneys of this Association are under an agreement to make collections for Members at the following rates :

FIRST-CLASS.—On collections made on presentation, single notice or demand : 5 per cent. on the first \$100 or less, $2\frac{1}{2}$ per cent. on the excess of \$100 to \$500, 1 per cent. on the excess of \$500.

SECOND-CLASS.—On collections made by repeated notice, application or demand, or by suit where no defense is made : 10 per cent. on the first \$100 or less, 5 per cent. on the excess of \$100 to \$500, $2\frac{1}{2}$ per cent. on the excess of \$500.

THIRD-CLASS.—Claims collected by suit, where defense is interposed or appeal taken, the rates shall be one and one-half the rates of Second-class.

A charge of \$2 is the lowest collection fee under **FIRST-CLASS**, \$3 under **SECOND-CLASS**, and \$5 under **THIRD-CLASS**; **NO CHARGE, HOWEVER, UNLESS COLLECTION IS MADE.**

The above rates are subject, however, to the following exceptions, to-wit : In judicial districts, where collection fees or rates are established by law, or bar rules, such rules shall be the Association rates for collection in said districts respectively ; and further, that within the States and Territories composing the " Pacific Department " (those west of the Rocky Mountains), where no legal or bar rates are established, then the rates shall be a sum equal to **ONE AND ONE-HALF** the above specified rates respectively.

No suit brought unless ordered by claimant in writing, when a sufficient amount must be advanced to cover the necessary costs and disbursements.

On claims forwarded by one attorney or manager to another attorney or manager for collection, the attorney or manager forwarding shall be entitled to **ONE-THIRD** the above rates, the attorney or manager collecting the claim shall be entitled to **TWO-THIRDS** the above rates.

Cases settled by clients after attorneys have acted on them, will be subject to the same charges as if settled by the attorneys.

On claims to be put in judgment for future collection, under judgment limitation, terms subject to agreement.

When requests are sent to attorneys requiring an examination of records, the usual fees will be paid for making such searches.

Attorneys who are not willing to be governed strictly by the above rates, will **PROMPTLY** return claims to the party from whom received. When bar rules conflict, attorneys should notify members and specify terms.

Said agreement further requires attorneys, if requested by a member or other Association attorney to give, without charge, the required information as to the financial standing of firms or individuals, if at liberty to give it, and no charge will be made for legal opinions—pertaining to collections—not requiring time or research.

ATTORNEYS WILL NOT ANSWER enquiries made by members or other attorneys, unless return postage accompanies the request.

It is expected of members that their collections and legal business will be sent to the Association attorneys from whom they solicit information, or to the local attorney, that he may forward same to them.

Send claim for collection to the attorney residing nearest the place of debtor.

DIRECTIONS TO MEMBERS.

When desiring information as to the financial standing of men, or parties seeking credit, examine the Directory for the Attorney representing the town where the party lives—always consulting the latest Supplement first, where all changes and new appointments are noted—then fill the blank Letter of Inquiry, carefully writing in the required names, giving the business and street address of party inquired about, if possible. If no Attorney represents the town where a party seeking credit resides, apply to the Attorney residing nearest.

Always enclose a stamp for return postage.

A stamped, addressed envelope is always safest.

When sending for a report on parties not residents of the same town with the Attorney, always enclose two extra stamps, thus encouraging his writing for necessary facts.

Members desiring collections made, will place them with the local Association Attorney or Manager, or, if preferred, send them direct to the Association Attorney or Manager of the town where the debtor lives, enclosing with the bill one of the Collection Tickets and a stamp or stamped envelope, for acknowledgment of receipt of claim and return of Ticket. A failure to enclose the Collection Ticket may result in an overcharge for services. It is expected of Members that they will send their Collections and Legal Business to the Attorneys from whom they solicit information, or to the local Attorney, that he may forward same to them. A refusal to conform to this rule, as far as is reasonably possible, gives just cause on the part of an Attorney to object to reporting for such parties. Members sending out claims knowing them to be old or desperate, and such as cannot be enforced by law, or collected by ordinary means, should offer a special rate, such as will reasonably compensate an Attorney for extraordinary efforts.

When Telegraphing to an Attorney, do not hesitate to use the Cipher Key, being careful to follow instructions. Always follow with a letter, to make doubly sure—unless a reply has been received before first mail leaves—and enclose ample postage for return letter, and to cover postage on letter the Attorney may have already mailed, to more fully explain his message. Use Protection Blanks (Form B) only in extreme cases.

DIRECTIONS TO ATTORNEYS.

Attorneys representing this Association are not expected to reply to Members, claiming to be such, giving information as to financial standing, unless their request is accompanied by the duly recognized authority of the Association, under seal, and then only during the period named on the face of the Confidential Letter Blank or Ticket. Attorneys will carefully scrutinize all Blanks and Tickets as to filling up, and guard against imposition upon the part of any who may seek to continue the benefits after the expiration of their Membership. Attorneys, in their business relations with other Association Attorneys, are not required to send Identification Tickets, as they are known by reason of their names being in the Directory. Always reply to Telegraph Messages by Telegraph, except otherwise ordered—and unless a ten-word Message gives a clear and satisfactory reply—it is well to follow the Message by a Letter, giving a detailed report. Attorneys, when making reports, will reply to the questions in detail, as far as able, and always make a report by return mail, if possible. Attorneys will promptly return any business sent them, if unable to do justice to the party sending, by reason of their being retained by the opposite party. Attorneys will not subject Members to expense, without first advising, except in urgent cases, where clients' interests will suffer by delay. Protection Blanks (Form B) may occasionally be received by Attorneys, and while their use is advised only in extreme cases, they enable the Attorney to know who are interested in parties discovered weakening financially, and thereby to notify creditors and control collections.

Attorneys will find it important to keep a brief entry of their reports for reference, and always enter the Name and Residence of the Enquirer, that corrected reports may be forwarded to parties interested, when later developments indicate an 'unfavorable change; but, above all, report CAREFULLY and PROMPTLY, to secure the enquirer's business.

E. J. WILBER, Secretary.

TO THE BUSINESS PUBLIC.

Special advantages, ORIGINAL and peculiar to our system. The expense, circumlocution, great delay, and hence unreliability of reports under the old system of "Mercantile Agencies" are familiar to all business men. To remedy this, by instituting a system LESS EXPENSIVE and more RELIABLE, has been our purpose. How well we have succeeded let our immense membership, which includes the LEADING HOUSES of America, answer. The "old agencies" publish the financial standing of parties at long intervals; previous to 1870 this sufficed, but since then the crisis, with its rapid and continuing failures of supposed strong houses, makes it IMPERATIVE for the merchant to know the standing of his customers, not as it was THEN or SIX MONTHS ago, but NOW. We therefore devised a plan of DIRECT COMMUNICATION between the members and our local attorneys, both for REPORTING AND COLLECTING; this, upon thorough trial, resulted most successfully. Next, to make this plan permanent and reliable, we procured from proper sources the RECOMMENDATION and ENDORSEMENT of ABLE and RESPONSIBLE attorneys, as far as possible, for every place of importance; and executed with each a SPECIAL CONTRACT, determining, as between the member and attorney, the conditions and rates for reporting and collecting (see extracts, page 6). This was the work of years, and cost large sums in travel and correspondence, but, as a result, we were able for the first time in the history of "mercantile agencies," to furnish to each member a nearly complete list of local attorneys, with whom he could correspond DIRECT and with FIXED TERMS and CONDITIONS to govern their intercourse. Our

facilities afforded traveling men and agents (see page 6) to secure information, counsel or legal assistance, is one of our most valued features.

The rapid growth of American population has caused the latest government census to be untrustworthy. We have, therefore, prepared an approximate census, revised for 1880, of every City and Village, which will be found exceedingly valuable for reference.

The County Seats, Money Order Offices, Telegraph and Express Offices are carefully noted, thus combining the advantages of a Shippers' and Travelers' Guide.

We add also an "abridged digest" of the laws of the several States and Canadas pertaining to credits and collections.

Frequently reports are required without time for the mails, or goods have been shipped, when upon "speedy report" of the purchaser's weakness the goods could be stopped IN TRANSITU, and saved to the shipper; then the telegraph must be used and secrecy observed; for this we have devised a "telegraph cypher," BRIEF, SIMPLE and PRACTICABLE.

Our facilities for collections are certainly superior to those of any other agency, allowing the member the choice of collections through the association, or by sending his accounts DIRECT to the attorney for the debtor's town.

Nothing has been omitted to make our association as perfect as the best business experiences could suggest, and no stronger evidence need be produced of the excellence of our system than a reference to the "old agencies," who are incorporating the principles of ours, and to the new so-called "mercantile agencies," which are not only born and named in a day, or at most in a few weeks, simply by IMITATING or COPYING that which has cost us years of labor, great expense, and the life's experiences of practical business men. The purposes and operation of our system the intelligent business man comprehends at a glance.

SUPPLEMENT DIGEST

BUSINESS LAW IN DAILY USE.

If a note is lost or stolen, it does not release the maker; he must pay it, if the consideration for which it was given and the amount can be proven.

Notes bear interest only when so stated.

Principals are responsible for the acts of their agents.

Each individual in a partnership is responsible for the whole amount of the debts of the firm, except in cases of special partnership.

Ignorance of the law excuses no one.

An agreement without consideration is void.

A note or contract made on Sunday is void or voidable.

A note by a minor, or contract made with a minor, is void or voidable.

A note obtained by fraud, or from a person in a state of intoxication, cannot be collected.

It is a fraud to conceal a fraud.

Signatures made with a lead pencil are good in law.

A receipt for money is not always conclusive.

The acts of one partner bind all the rest.

No consideration is sufficient in law if it be illegal in its nature.

Checks or drafts must be presented for payment without unreasonable delay.

Checks or drafts should be presented during business hours, but in this country, except in the case of banks, the time extends through the day and evening.

If the drawee of a check or draft has changed his residence, the holder must use due or reasonable diligence to find him.

If one who holds a check as payee or otherwise, transfers it to another, he has a right to insist that the check be presented that day, or, at the farthest, on the day following.

If the time of payment of a note is not inserted, it is held payable on demand.

The time of payment of a note must not depend upon a contingency. The promise must be absolute.

A bill may be written upon any paper, or substitute for it, either with ink or pencil.

The payee should be distinctly named in the note, unless it is payable to bearer.

An indorsee has a right of action against all whose names were on the bill when he received it.

The loss of a bill or note is not sufficient excuse for not giving notice of protest.

An indorsement may be written on the face or back.

An indorser may prevent his own liability to be sued by writing "without recourse," or similar words.

In the beginning God
(H P) a c o t b o t l = H t t l e

and it came to pass, when
Moses had made an end
of writing the words of this
law in a book until they
were finished that Moses
commanded the Levites
which bare the ark of the
covenant of the Lord saying
Take this book of the law
and put it in the side of
the ark of the covenant of the
Lord your God that it
may be there for a
witness against thee
T i a c o t b o t l u w n d
b o a b b d c —

And Moses said this is
the thing which the Lord
commandeth. Fill an omer
of it to be kept for your genera-
tions: that they may see the
bread where with I have
fed you in the wilderness
when I brought you forth from
the land of Egypt And Moses
said unto Aaron: Take a pot
and put an omer-full of manna
therein and lay it up before
the Lord to be kept for your
generations. As the Lord
commanded Moses so Aaron
laid it up before the
Testimony to be kept.
